

Nursery have had a another great term getting to know the new children that joined us this term. At the beginning of term Harry and his grandfather brought in some furry visitors to meet the children in nursery. Harry had named one of his baby lambs after one of friends at Nursery Dexter.

Everyone who wanted to, got a chance to stroke and feed the baby lambs and to meet Dexter the lamb! The lambs seemed to be very happy with all of the attention and milk they were given.

Helena brought in her orange juicer so the children could see where Orange Juice comes from. They also had a go at squeezing out lemon juice. Some children guessed it would taste 'sour' and it did. Some children thought it tasted like 'snails'

The children continue to develop the swimming skills and confidence in the pool on Wednesday afternoon swim sessions.

This term the Handas Surprise book has been a popular choice with the children. The book talks about different fruits - Pineapple, Passion Fruit, Guava, Avocado, Mango, Satsumas and Bananas. The children thought it would be a great idea to try some of these fruits at snack time. So Jo went to Tesco and found all but the Guava, so we tried kiwi instead. Some of the children tried all the fruits, most preferred the banana!

We then had a go at balancing the basket of Satsumas on our heads just like Handa does in the book!

On Wednesday 21st March, the children went out for a nice surprise - A Treasure Hunt. The children looked at a map with the layout of the field on it and had to work out where the treasure was hidden. They found lots of lovely 'pirate treasure' including some chocolate coins!

Wishing you all a Happy Easter!
