Information and Records Retention Policy

The policy should be read in conjunction with the following documents: ICT Policy, Data Breach Policy and Procedure, E Safety Policy, Data Protection Policy for Staff, Information Security Policy.

Introduction

This policy sets out a structured approach to reviewing and destroying records in relation to St Rose's.

- 1 The retention period for each type of record is shown in the table below. In addition, data protection legislation makes it unlawful to keep the information when it is no longer needed for the purpose for which it is held. This requirement is uncertain and allows discretion and may vary according to the circumstances, but in practice it means that St Rose's should promptly destroy the record once the retention period in the table below has been reached. Occasionally there may be special circumstances which mean that a record should be kept for longer (for example where there is a risk of litigation or a request from an outside body such as the Independent Inquiry into Child Sexual Abuse (IICSA) see below). St Rose's should refer to its insurance policies and further legal advice should be sought in these circumstances.
- 2 The retention periods stated in the table below are the minimum storage requirements, in practice St Rose's carries out a data cleanse of its files 12 months. Accordingly, a 3 year retention period means 3 years plus up to 12 months to allow St Rose's to securely dispose of the information.
- 3 Information must be securely deleted. This applies to paper records, electronic information and biometric information.
- 4 This policy does not apply to records connected with commercial activities.
- 5 St Rose's may discuss document retention with its insurers (who may specify longer retention periods). If there is any conflict then any longer retention periods specified by the insurers should prevail.
- 6 If an email falls into one of the categories set out in the table then it should be filed centrally as soon as is reasonable.
- 7 "Routine" emails which do not fall into any of the categories in the table may be kept in inboxes for up to six months and should then be deleted. An example of a routine email is an internal email advising staff that the weekly meeting is cancelled.
- 8 **Independent Inquiry into Child Sexual Abuse (IICSA):**
 - 8.1 The IICSA has issued retention instructions to a range of institutions regarding records relating to the care of children. In light of this, St Rose's will temporarily cease the routine destruction of those records which might be relevant to the Inquiry in case they are requested by the Inquiry or made subject to a disclosure order. This means that before destroying any document St Rose's should consider if it contains information that may fall within the Inquiry's remit.

- 8.2** The range of documentation which might need to be kept is wide. It will include any information linked to alleged or established child sexual abuse, whether by staff, volunteers or students with no limitation date. For example, a list of students who attended an overnight trip or admission registers which show which students were at St Rose's at a given time. As such, documents should be kept for longer than the retention periods listed in the policy if they concern information which might be relevant to the Inquiry. St Rose's should therefore review the retention periods under **each** of the rows below in case they are relevant to IICSA.
- 8.3** Please note that St Rose's will keep this under review so that it recommences document destruction at the appropriate time.

	Record	Retention period	Action at the end of the retention period	Retention period required by law?
1	Students			
1.1	Admission registers (however held)	Three years from the date of the last entry	Transfer to the archives and shred or delete copies and back-ups	Yes
1.2	Attendance registers (however held)	Three years from the date of the last entry	Review for further retention in the case of contentious dispute SHRED/DELETE including back-ups and copies	Yes
1.3	Child protection records	DOB of the student + 50 years	Review for further retention in the case of contentious dispute SHRED/DELETE Notes 9 Child protection information must be copied and sent under separate cover to a new school whilst the child is still under 18. Secure transit should be ensured and confirmation of receipt should be obtained 10 Where a child is removed from roll to be educated at home, the file should be copied to the Local Authority (LA) 11 In accordance with the terms of reference of the Independent Inquiry into Child Sexual Abuse all schools are required to retain information which relates to allegations (substantiated or not) of organisations and individuals who may have been involved in, or have knowledge of child sexual abuse or child sexual exploitation; allegations (substantiated or not) of individuals having engaged in sexual activity with, or having a sexual interest in, children; institutional failures to protect children from sexual abuse or	No

4.1	Admission documents including application forms Six years from date of leaving St Rose's	Review for further retention in the case of contentious disputes SHRED/DELETE	No
4.2	Admissions documents relating to applicants who did not join St Rose's We suggest that one year would be reasonable (subject to requirements for admission appeal documents - see below), however, this is at St Rose's discretion. If there is a risk that parents or a student might bring a claim against St Rose's then the documents should be retained. The documents can be kept for as long as St Rose's considers that they are required, subject to St Rose's obligation not to keep the documents for longer than is necessary	SHRED/DELETE	No

Records of anyone with child protection concerns (even if not proved) should be retained</p>	
5.2 Single central register (SCR)	<p>There is no legal requirement to keep the SCR entry for staff who have left as it ceases to be relevant for inspection purposes. Many schools move the entry on to an archive register whilst others keep a list of the checks carried out on the personnel file instead and retain that in accordance with their retention policy. As there is no statutory requirement to keep this information in this form it should only be kept for as long as is necessary. As it ceases to be relevant for inspection purposes St Rose's should consider and document why it is necessary to keep it for a particular length of time. Should the St Rose's be notified of a historic abuse claim or should a former member of staff commit offences elsewhere St Rose's may need to demonstrate that it carried out all</p>	<p>Review whether further retention is necessary. This is often difficult to evidence in an employment context owing to the imbalance in the relationship between St Rose's and the employee. Therefore, St Rose's should be very careful before asking employees to consent to their data being used in a particular way. In the vast majority of cases it is not necessary to obtain the employee's consent before using their personal data.</p>	SHRED/DELETE	Yes
