Student Privacy Notice - Key Information

This notice contains the key information about **how** and **why** we collect your child's personal information and **what** we do with that information.

Personal information is information that identifies your child and relates to them. For example, information about how well they are doing at school or college and any information that we need to take care of them. Photographs and videos of your child also count as their personal information.

We encourage you to read the full version of our pupil privacy notice which is published on St Rose's website and can be found here <http://stroses.org.uk/policies-and-information/> . You can also obtain a copy of the full privacy notice by contacting one of our administrators: admin@stroses.org.uk

The full version includes additional points, such as:

- the rights you have in your child's information including what decisions you can make about the information;
- for how long St Rose's retains your child's personal information; and
- our legal bases for using your child's personal information.

Our primary reason for using your child's personal information is to provide them with education, therapy and care.

We set out below examples of the different ways in which we use your child's personal information and where that personal information comes from.

- Admissions forms give us lots of personal information. We get information from you, your child's teachers and other students. Your child's old school or college also gives us information about them so that we can teach and care for them.
- We get information from your child's doctors and other professionals where we need this to look after them.
- We may need to report some of your child's information to the government (e.g. the Department for Education). We will need to tell the local authority that they attend St Rose's, if they leave St Rose's, or let them know if we have any concerns about your child's welfare.

Introduction

This notice is to help you understand **how** and **why** we collect your child's personal information and **what** we do with that information. It also explains the decisions that you can make about your child's own information.

If you have any questions about this notice please talk to the Principal, Vice Principal, or the Business Manager.

What is "personal information"?

Personal information is information that St Rose's holds about your child and which identifies them.

This includes information such as your child's name, date of birth and address as well as things like medical details and unique pupil number. Photographs and video recordings of them are also personal information.

Our legal bases for using your child's information

This section contains information about the legal bases that we are relying on when handling your child's information.

The two tables below contain a general description of the different legal bases but we have also used a colour code system so that you can see which bases we are relying on for each of the purposes described at paragraphs 1 to **Error! Reference source not found.** below.

Legal obligation ("LO")

St Rose's might need to use your child's information in order to comply with a legal obligation, for example to report a concern about your child's wellbeing to Children's Services. We will also have to disclose your child's information to third parties such as the courts, the local authority or the police where legally obliged to do so.

Vital interests ("VI")

In limited circumstances we may use your child's information to protect your child's vital interests or the vital interests of someone else (e.g. if you or they are seriously hurt).

Performance of a task carried out in the public interest ("PI")

This applies where what we are doing is for the benefit of the public generally. The following are examples of where this applies:

- providing your child and others with an education;
- safeguarding and promoting your child's welfare and the welfare of your child's classmates;
- facilitating the efficient operation of St Rose's; and
- ensuring that we comply with all of our legal obligations.

Legitimate interests ("LI")

This means that St Rose's is using your child's information when this is necessary for St Rose's legitimate interests except when your child's interests and fundamental rights override our legitimate interests. We will not rely on this basis when your child's interests and fundamental rights override our legitimate interests.

We have a legitimate interest in using your child's information to:

- i. promote St Rose's including fundraising and publicity;
- ii. preserve historical records.

St Rose's must also comply with an additional condition where it processes special categories of personal information. These special categories include: personal information revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, genetic information, biometric information, health information, and information about sex life or orientation.

Substantial public interest ("SPI")

St Rose's is allowed to use special categories of personal information where doing so is necessary in the substantial public interest. This is similar to "public interest" in the table above. For example, St Rose's will use information about your child's health to look after them. We may also use other types of special category personal data about them to provide your child with an education, to look after them and their classmates or when St Rose's is inspected

Social protection and social security law ("ESP")

There will be times when St Rose's needs to use your child's information because we are an employer (e.g. we employ your child's teachers). Also St Rose's will use your child's information to comply with social protection law (e.g. to look after you) and social security laws (e.g. to provide them with free school lunches if they are entitled to these). Social protection law is concerned with preventing, managing, and overcoming situations that adversely affect people's wellbeing.

Vital interests

In limited circumstances we may use your child's information to protect your child's vital interests or the vital interests of someone else (e.g. if you or they are seriously hurt).

Legal claims ("LC")

We are allowed to use your child's information if this is necessary in relation to legal claims. For example, this allows us to share information with our legal advisors and insurers. This applies whenever sharing special category data is necessary in relation to legal claims.

Medical purposes ("MP")

This includes medical treatment and the management of healthcare services.
